Made in our own plants to insure the highest & most consistent quality standards

Durable and long lasting, these cotton towels are sure to brighten your guests stay

WEST POINT
HOSPITALITY

Pool Towels

treat your guests to fun in the sun!

Staybright® is an exclusive technology that maintains the brilliant colors in our select sheets, towels, and pool towels. The process bonds the color to the fiber to stand up against repeated washings, pool chlorine and sun exposure. Staybright® products can even be washed using chlorine bleach. This unique technology keeps the product looking new, extends the product life, reduces replacement costs and ultimately saves money.
